

WORKING GROUPS

Healthy Planet

We shall:

- Develop a Power Point that scientifically verifies the crisis; pointers on how to reduce and re-use plastics; tips on advocacy for the elimination of toxic waste. Tie in *Laudato Si* and Biblical sources.
- Monthly Message (Youth Group and Board Member for Hungary will coordinate) on tips to care for our creation, tied in with Scripture Post on Facebook, Instagram, and e-blast to member organisations.
- Advocate with legislators for the elimination of toxic waste.
- Contact each other monthly.

Family and Vulnerable Members

WUCWO member organisations will comply and advocate for the protection of minors and vulnerable persons on an ongoing project:

- Develop questionnaire on how to do it.
- Share existing protocols.
- Study the guidelines of the Holy See and Rules of the Bishops Conference if any.
- Establish policy within 12 months.
- Educate member (to spread out).

Organisations can focus on:

- Protection, nutrition, and education of mothers and newborns, pregnant women and single mothers:
 - Awareness that there is a problem
 - Educate about prevention, educate our members
- Education on responsible sexuality for families and teachers which take into account the protection and love for children: educate parents.

Violence against women

Concrete actions to be taken during this mandate:

- Provide training on women's human rights
- Adapt and replicate the guide of the organisation of the Vice President General for the realities of our different countries
- Creation of watch groups to help women reaffirm their dignity.

Call to holiness

Each organisation can implement a survey in order to know women who have lived holy lives – these are lay women who are not visible.

Adopt this Beatitude:

- *Blessed are WUCWO women, peace makers, who build a better world: they will be called children of God*

A workshop to be organised in Rome – an online digital workshop on the Pope's *Gaudete et Exultate* so that our organisation can join and listen to the Pope's teaching on the same.
